VISUAL IDENTITY: TYPE HIERARCHY

CAMPUS TRANSFORMATION

Single-Point Accountability

Your campus needs one partner, not ten vendors. We design, build, and deliver. End-to-end execution, single contract.

THE HORIZON: MISSION & VISION

THE MISSION

We design, build, and deliver fully transformed campuses. One partner. Single-point accountability. End-to-end execution.

THE VISION, 2031

500+ campuses transformed. The 'Nuvexa Standard' becomes the national benchmark for educational infrastructure.

FIRST 50 CAMPUSES

STANDARD PHASE

MESSAGING ARCHITECTURE

PRIMARY MESSAGE:

Full-stack campus transformation.
One partner. End-to-end execution.

EXECUTION:

We build it. If we miss the deadline, we stand fully accountable.

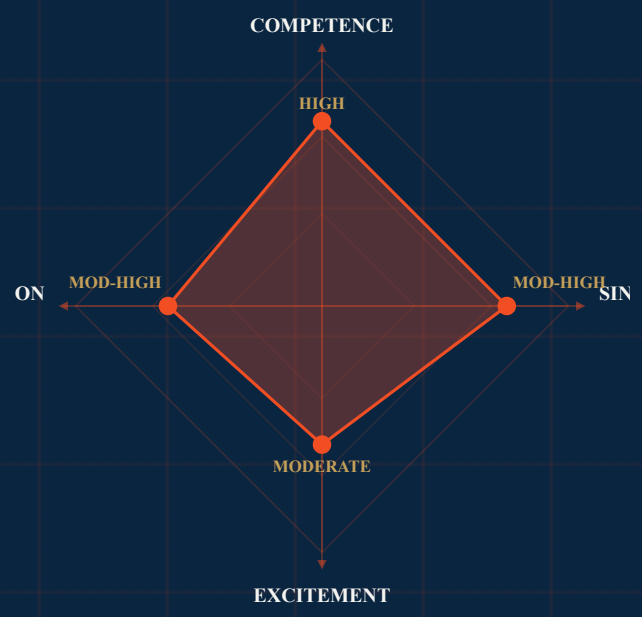
EXPERTISE:

Decades of construction heritage. Builder DNA brought to education.

BRAND PERSONALITY: THE CREATOR-HERO

Core Blend: The Creator builds things that endure. The Hero stands behind every promise.

This dual archetype gives Nuvexa both the joy of creation and the structural courage to guarantee outcomes, with financial accountability baked in.



DEPLOYING THE BRAND: PERSONA STORY MATRIX

PERSONA	OPENING HOOK	NARRATIVE ARC
LEGACY BUILDER VC, 55+. Focus on reputation and institutional standing.	You've spent 30 years building a reputation. Should the infrastructure not match?	Legacy → Recognition → Proven Track Record.

PERSONA	OPENING HOOK	NARRATIVE ARC
GUARDIAN OPERATOR Trustee, 40,55. Focus on compliance & speed.	CBSE audit is 4 months away with 147 compliance gaps. One partner closes all of them.	Fear → Urgency → End-to-End Solution.
SCALE MACHINE Founder, 30,45. Focus on rapid expansion.	Imagine 5 new centers fully built and operational, one contract, one partner.	Ambition → Speed → Scale Enabled.

02 / LOGO SYSTEM

The Signature

The Nuvexa wordmark is set in a custom-weight bold typeface. The arrow superscript on the 'N' is the brand's symbol of forward momentum, campus transformation pointing upward and outward.

PRIMARY LOGO

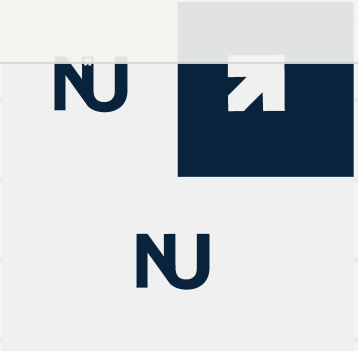
NUVEXA

PRIMARY LOGO, INVERSE

NU

NU

LOGOMARK



LOGOMARK, INVERSE

LOGO CLEAR SPACE

Room to Breathe

The minimum clear space around the wordmark is defined as **1N**, the cap-height of the ‘N’ letterform. No text, graphic, or edge may enter this zone.

03 / COLOR PALETTE

The Materials

A 6-color system that balances institutional trust with builder energy. Every color has a specific structural role, nothing is decorative without purpose.

Primary Structure

Deep Navy Blue

#0A2540 · RGB 10 37 64

Primary brand color. Used for logos, headline text, structural blocks, and dominant backgrounds. Communicates institutional trust and boardroom-grade professionalism.

Campus Cream

#F4F4F0 · RGB 244 244 240

The primary canvas. A warm off-white that pairs with Navy for the core logo system. Warmer and more approachable than stark white, reflects the human side of campus transformation.

Prestige Gold

#C5A059 · RGB 197 160 89

Premium signals. Used for award badges, section borders, hover states, and highlighting the guarantee clause. Bridges the gap between institutional formality and aspirational energy.

Builder Orange-Red

#F24E24 · RGB 242 78 36

Action and urgency. Reserved exclusively for primary CTAs ("Book an Assessment"), structural commitments, critical alerts, and Do/Don't guidance. Never used decoratively.

Utility Tones

Blueprint Slate

#334155 · RGB 51 65 85

Secondary text on cream backgrounds. Softer than pure black for extended reading in proposals and cost sheets.

Steel Gray

#84929F · RGB 132 146 159

Borders, dividers, table rules, labels, and meta information. Creates structure without visual weight.

04 / TYPOGRAPHY

Builder Precision

Two typefaces. One for authority and display. One for data and sustained reading. Nothing decorative, nothing vague.

Aa

Manrope

Primary, Display & Headings. A geometric sans-serif with architectural precision and strong personality. Its bold weight carries the Nuvexa hero statements with authority.

Weights used: ExtraBold (800) · Bold (700) · SemiBold (600)

One Partner. End-to-End.

Campus Transformation

Single point of accountability.

EYEBROW / LABEL / KICKER

Aa

Inter

Secondary, Body & Data. The industry standard for screen legibility. Ensures detailed proposals, line-item cost sheets, and Gantt chart labels are effortlessly scannable.

Weights used: Regular (400) · Medium (500) · SemiBold (600)

Your campus does not need another vendor. It needs a transformation partner who shows up with a blueprint, a team, and an ironclad guarantee.

Nuvexa delivers fully transformed campuses, design, build, furnishing, tech, and compliance, under one contract, with one point of accountability.

Do's & Don'ts

The Nuvexa brand earns trust through consistency. Every application of the identity must respect these rules without exception.

Logo Usage

NUVEXA

✓ DO

Use Campus Cream wordmark on Deep Navy Blue backgrounds. This is the primary logo combination and must be used in all formal contexts.

NUVEXA

✓ DO

Use the Deep Navy Blue wordmark on Campus Cream for the inverse application, letterheads, presentations, and light-background documents.

NUVEXA

✗ **DON'T**

Never place the logo on Gold, Red, or any unapproved background color. Always use Navy or Cream as the logo background.

Voice & Tone

"3 campuses. 194 days total.
All delivered on schedule."

✓ **DO**

Write with specific numbers. Use concrete outcomes. Let the data carry the credibility. Short sentences. No adjectives that can't be measured.

"We are passionate leaders
driving holistic ecosystems."

✗ DON'T

Never use vague buzzwords: passionate, holistic, ecosystem, synergy, visionary. They signal the exact consultant-speak Nuvexa is positioned against.

If we miss your deadline,
we take full accountability, in writing.

✓ DO

Lead with accountability. Reference the ironclad guarantee often. It is the single most differentiating claim Nuvexa has, own it confidently.

PERMANENT LOGO RULES

→ Never stretch or distort the wordmark

→ Never add drop shadows or glow effects

→ Never recolor the mark in Gold or Red

→ Never use obsolete logo versions, always use current approved files

→ Minimum digital size: 120px wide / Print: 30mm wide

COLOR USAGE RULES

→ Navy + Cream is the primary color pair, always lead with it

→ Gold is a secondary accent, use sparingly for premium signals

→ Red/#F24E24 is reserved for actions and urgency only

→ Never pair Red and Gold on the same component

→ Never use the palette colors at reduced opacity as tints, use the utility grays instead

→ All body text must meet WCAG AA contrast on its background

Core Narrative

The structured messaging framework. No marketing fluff. Just clear, engineered promises and outcomes.

PRIMARY MESSAGE

Full-stack campus transformation. One partner. Guaranteed timelines.

SUPPORTING, EXECUTION

We do not hand you a plan and walk away. We build it. If we miss the deadline, we stand fully accountable.

SUPPORTING, EXPERTISE

Born from Sachin Gupta Buildcon, Nuvexa brings decades of construction expertise into education infrastructure.

SUPPORTING, OUTCOME

A campus that is safe, compliant, modern, and built to attract the next generation of students and parents.

PROOF POINTS

- Ironclad contractual timeline guarantee
- Single invoice, single project manager, single point of accountability
- NEP 2020, NAAC, NIRF, and CBSE compliance built into every project

Voice Characteristics

How the brand speaks. Avoid fluff; lean on structure and quantifiable outcomes.

AUTHORITATIVE

“We have transformed 50+ campuses. Here is exactly how we will transform yours.”

DIRECT

“Your campus has 147 compliance gaps. We will close every one of them on schedule.”

WARM

“We know this is a big decision. Let us walk you through it step by step.”

PRECISE

“INR 2.3 Cr. 58 days. 23 compliance items closed. One invoice.”

Voice Guardrails

✓ DO

"We transformed 3 campuses in under 65 days."

"This project will cost INR 1.8 Cr. Here is the breakdown."

✗ DON'T

"We deliver innovative, cost-effective solutions."

"We provide comprehensive infrastructure services."

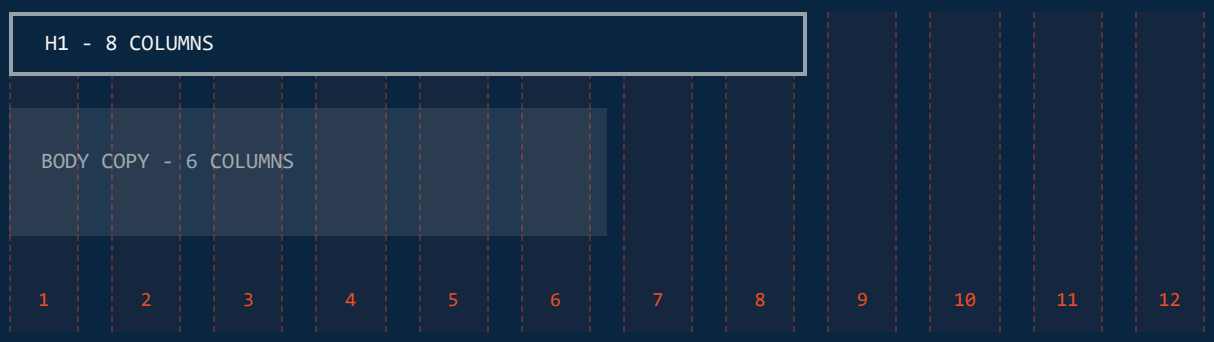
Structural Alignment

A strict 12-column grid system governs all Nuvexa layouts. Content must align to the grid at all times. Left alignment is default. No random spacing.

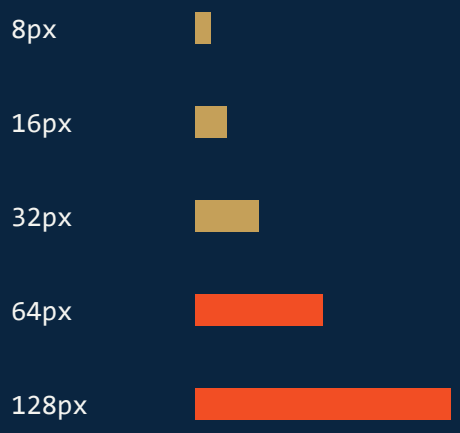


GRID RULES

- **12-column grid:** Consistent margins on both sides and fixed gutter spacing.
- **Left alignment is default:** Maintain consistent vertical rhythm.
- **Headline span:** 6,8 columns.
- **Body text span:** 4,6 columns. Avoid full-width paragraphs.

Engineered Rhythm

No arbitrary spacing values. All margins and padding strictly adhere to a systematic scale.



RULES & USAGE GUIDANCE

- **Component Spacing:** 16px or 32px. Used for internal padding within cards and spacing between related UI elements.
- **Section Spacing:** 64px or 128px. Defines the macro rhythm of the page layout.
- **Strict Adherence:** Never use spacing outside of this defined scale. Maintain consistent rhythm across all pages. No arbitrary values.

The Core Narrative

This is the fundamental story of why Nuvexa exists. Use this narrative arc to structure pitches, proposals, and presentations.

THE PROBLEM

> Educational institutions struggle with outdated infrastructure, vendor fragmentation, cost overruns, and timelines that stretch endlessly.

THE INSIGHT

> Institutions do not need more vendors. They need one partner who takes complete ownership.

THE SOLUTION

> Nuvexa designs, builds, and delivers fully transformed campuses under single-point accountability, with guaranteed timelines backed by structural commitments.

THE OUTCOME

> A campus that is safe, compliant, modern, and built to attract students, improve rankings, and elevate institutional reputation.

The Nuvexa Promise

YOUR CAMPUS WILL BE TRANSFORMED, NOT RENOVATED.

ONE PARTNER. ONE INVOICE. CONTRACTUALLY GUARANTEED.
